Basin faucet with high turnable spout. The faucet can also be used in small kitchen sinks. To be combined with [pop up waste](#). →

Our wash basin taps combines advanced technology, exquisite design, and top-notch performance to offer you the ultimate bathroom upgrade. With its sleek and modern appearance, it effortlessly enhances the visual appeal of your wash basin, becoming a focal point that exudes elegance and sophistication in a range of different finishes.

Cleaning

Wipe the surface with a soft cloth and lukewarm water and possibly with soap solution. Avoid alkaline, acid-liming or abrasive cleaners.

Brass is a material that over time gets a beautiful patina but can be polished with brass polish. Copper also gets patina but should not be polished. The other shiny surfaces retain their luster.

Decalcification

Aerators and shower handles should be regularly decalcified by placing them in a vinegar bath for a couple of hours. Should limescale stains occur, use eucalyptus oil and a soft cloth.

Lubrication

Lubricate only with silicone grease.

Maintenance

Visit our [YouTube channel](#) → where there are instructional videos for changing the ceramic cartridge, changing aerators and more.

Specifications

Connection inlet - Flexible hose with 3/8" nut
Number of grips - One grip
Number of outgoing connections - 1
Dimension inlet - 10 mm alt. 3/8"
Flow class - B
Sound class - Grupp II, <=30 dB(A)
Length protrusion outlet head - 136 mm
Max flow - 0,15
Turnable head - Yes

Classification energy - A

Dimensions/Weight

Package - Depth - 430 mm
Package - Width - 260 mm
Package - Height - 80 mm
Package - Weight - 1,60 kg
Package - Volume - 0,01 m³
Building height underneath outlet - 196 mm
Product - Width - 104 mm
Product - Depth - 160 mm
Product - Height - 286 mm
Total building height - 286 mm
